

Job Posting – Experienced AME’s

Location: Peterborough, Ontario

We have on-going requirements for a **Licensed AME Technicians & Inspectors** to join our Team.

Experience

These positions entail knowledge of piston, turbo prop, and jet aircraft and the maintenance applications associated with them. Positions also involve, but are not limited to repairs, modifications, and inspections on aircraft structures, systems, and equipment.

Accountabilities

- Visually inspect, assess, and assist in repairs and modifications to aircraft structures, systems, and equipment.
- Remove, install, and functionally test aircraft components.
- Dismantle and assemble aircraft systems for repair and overhaul.
- Remove aircraft control systems, check rigging, and re-assemble.
- Diagnostically troubleshoot aircraft defects and carry out corrective action.
- Ensure that all maintenance activities are controlled on aircraft that are receiving maintenance within the company’s facilities and that technical records are originated and retained with respect to all inspections and maintenance functions.
- Complete records of work done to sustain an accurate record system.
- Demonstrated ability to interpret blueprints and written technical instructions.
- Work in confined spaces and elevated heights when required.
- Must perform work in accordance with all Transport Canada guidelines.

Qualifications

Education

- Completion of College/CEGEP/vocational/or technical training.
- AME "M" Aircraft License (M1, M2)
- Experience or endorsement on CRJ-class aircraft particularly desirable

Experience

- At least 3 years of licensed aircraft maintenance experience is required.

Other required skills include:

- Excellent planning, organization and coordination skills.
- Excellent judgment, strong attention to detail.

We offer very competitive compensation to qualified and highly motivated candidates. Please note that applicants for these positions must have current status to work in Canada in order to be considered for this opportunity.

Please apply by email (hr@flyingcolourscorp.com) with your resume in MS-Word format (one attachment only), quoting the following in your email subject-line to be considered: "**AME-2011**".

While we appreciate all resumes received, we can only contact directly those applicants under consideration for interview. EOE .
